ACCIDENT AND SICKNESS INSURANCE PLAN
For Domestic Students Attending
University of Wisconsin System
UW-Colleges

2013-2014

Parents and Students:

We believe access to healthcare through affordable insurance to be critical to the student’s success and well-being.

Ask yourselves the following questions:

- Would an illness interrupt educational plans and require the use of financial resources that are budgeted for educational resources?
- If you currently have insurance – is it enough? Can you be treated in the area of your school location? Do you have PPOs or HMOs that require you to be treated only around your permanent address? Are you planning to play intercollegiate sports and does your policy cover you for that purpose? Are you planning a spring break or any other type of travel and will your current policy cover you in those areas?
- Could you be aging off or ineligible to continue coverage under your parent’s policy soon? Most insurance plans have age limits for dependents. Check with your current company and find out what are the age or eligibility limitations. Don’t be caught without coverage.

If you have any doubts about the above questions, please check with your current carrier and get the answers you need so that you can make an informed decision about protecting yourself with medical coverage while undertaking your education.

The purpose of student health insurance is to keep students in school so that they can complete their education and move on to careers without incurring huge medical debt.

We urge you to review the enclosed summary of the health insurance policy offered to students. A complete description of the plan benefits, exclusions and limitations and other information provided by your school can be found at www.sas-mn.com under your “Find My School.”
