

Student Accessibility Services

Dear Student:

This packet contains information about applying for accommodation services. These services are available to eligible students who have a documented condition that requires additional services in order to access the programs and services offered by UW Colleges. In order to initiate the application process, you will need to complete the enclosed Student Accessibility Services Request Form. Please submit this form, along with your supporting documentation, to the Campus Contact for Student Accessibility Services in the Student Services office.

Submission of the appropriate paperwork several weeks prior to the start of the semester will help to facilitate your having support services in place when you need them. Please note that it is your responsibility to submit your application and appropriate documentation in a timely manner.

If you have any questions, or if you require an alternative format for any of these materials, please notify either me or the Campus Contact for Student Accessibility Services.

Sincerely,

A handwritten signature in black ink that reads 'Brian Schultz'.

Brian Schultz, M.S.  
Director of Student Accessibility Services
